Subject to the restrictions set forth herein, Developer shall be entitled at any time and from time to time to plat and/or replat all or any part of the Property and to file subdivision restrictions and/or amendments thereto with respect to any undeveloped portion or portions of the above-described Property and to record a document which makes any or all of the Property subject to these restrictions.

**ARTICLE III
CONSTRUCTION REQUIREMENTS**

1. Construction Requirements on Single Dwelling Lots. The construction of residences on the Single Dwelling Lots in the Subdivision shall be governed by the following specifications:

(a) Setback Lines. The setbacks shall comply with the zoning ordinance of the Village of Savoy. As of the date of recording of the Plat, the setbacks for Single Dwelling Lots are as follows: front yard setback – 25 feet; side yard setback -- 6 feet; and, rear yard setback – 20% of lot depth or a maximum 25 feet. One-story ranch style residences constructed on Single Dwelling Lots shall have a total living area of not less than one thousand four hundred fifty (1,450) square feet; one and one-half and two-story residences constructed on Single Dwelling Lots shall have a total living area of not less than one thousand five hundred (1,500) square feet. Split-foyer and split-level style residences shall not be permitted.

(b) Permitted Exteriors. No wall board, aluminum siding, sheet metal, tar paper, or roofing paper shall be used for any exterior wall covering or roofs. Aluminum may be used for gutters and downspouts, soffit, and fascia boards. Stone, brick, wood, vinyl, and stucco style materials, shall be permitted exteriors, provided such materials are of suitable quality, grade and coloration to conform and harmonize with other improvements in the Subdivision. No excessively bright colors or light shadings shall be permitted on the exteriors of any building in the Subdivision. Twenty percent (20%) of the front elevation of each residence shall be brick or stone facing. The amount of brick or stone required may be

reduced for certain architectural styles of homes with express written approval of the Architectural Review Committee. Modular construction shall be permitted only with express written approval of Developer, which may be withheld in Developer's sole discretion.

(d) Garages. Each Dwelling Unit constructed on a Single Dwelling Lot in the Subdivision shall contain an attached, enclosed garage adequate to store, at a minimum, two (2) standard-sized passenger vehicles, or, at a maximum, three (3) standard-sized passenger vehicles. Any such garage shall be in conformity with the attached residence as to exterior, architecture, and location. The minimum size for any garage shall be twenty feet by twenty-two feet (20'x22').

(e) Shingle Requirements and Roof Pitch. Only architectural shingles are allowed to be used on each residence. The color of the shingles must be approved by Developer. No three-tab shingles are allowed. Minimum roof pitch of six/twelve is required, and porch roof shall have a minimum of four/twelve pitch, unless Developer approves an alternate.

(f) Grates Requirement for Basement Windows in 6-foot Side yards. Grates must be provided over basement window wells located within six (6) foot side yards.

2. Architectural Control.

(a) Developer shall be solely responsible for architectural control until Developer has assigned his rights under this Declaration to the Association in accordance with Article V, Section 6 of this Declaration. Thereafter, an architectural control committee shall be appointed by the Board ("Architectural Control Committee") and shall have the same rights as Developer under this Article III, Section 2.

(b) Developer shall have right and power to reject approval of plans submitted if they do not benefit and enhance the residential development of the area; such approval, however, shall not be unreasonably withheld. Developer has the authority to allow variances from the restrictions imposed herein if Developer determines, in its sole opinion, that the proposed improvements will otherwise meet the criteria established herein.

(c) No building, tower or swimming pool shall be erected, placed, or altered on any Lot in the Subdivision until the following are submitted to and approved by Developer: the building plan, the specifications thereof, showing the proposed construction, nature, kind, shape, height, material and color scheme thereof, building elevations, a site plan showing the Lot lines, boundaries of the building site, distance from the boundaries of the building site to the buildings, and the grading plan of the building site shall have been submitted to and approved by Developer. A minimum of two (2) copies of all building plans, specifications, and site plans shall be submitted before commencement of any construction on a Lot.

(d) Developer, as part of the approval process, shall evaluate the proposed improvements as to conformity and harmony of external design with existing structures in the Subdivision and as to location of the building with respect to topography and finished ground elevation. One copy of said building plans, specifications, and site plans shall be retained by Developer. Developer, at Developer's option, may require that samples of all exterior materials be submitted for examination prior to approval. If Developer fails to give written approval or disapproval to such plans and specifications within thirty (30) days after same has been received by Developer, the plans and specifications shall be deemed approved. All improvements shall be constructed in strict conformity with approved plans and specifications. Any changes during construction of the size or exterior of the building, either as to materials or colors, must be approved in writing by Developer prior to continuation of construction.

Panelized construction and modular construction are allowed only with and subject to Developer approval. Developer shall have no liability to any Lot Owner for the failure of a Lot to comply with the restrictions set forth herein or for approving any plans which do not comply. Written approval of Developer of plans and specifications and construction in accordance with those specifications shall be deemed to constitute compliance.

(e) The approval by Developer of any plans and specifications, site plan, grading or any other plan or matter requiring approval as herein provided, shall not be deemed to be a waiver by Developer of its right to withhold approval as to similar other features or elements embodied therein when subsequently submitted for approval as in connection with the same Lot.

3. Commencement of Construction. Any individual or entity acquiring a vacant Lot from Developer must commence construction within twenty-four (24) months after the conveyance of title, unless a written extension is granted by Developer. If Developer elects to grant any such extension, as a condition to any such extension, Developer may demand reimbursement of any utility deposits which remain unrefunded due to failure to hook up a Dwelling Unit on such Lot, with the right to any future refund for such Lot to be assigned to the Lot Owner. All construction must be completed in accordance with approved plans, and the lot must be maintained by the Lot Owner at all times by trimming grasses and weeds to be no taller than six (6) inches. In the event such construction is not commenced within the allotted time, Developer shall have the absolute right, at its sole option, to repurchase the Lot by repayment of the original purchase price, in cash, with no interest to have accrued thereon. In the event a Dwelling Unit is commenced but not completed within the allotted time after written notice to the Lot Owner and failure of the Lot Owner to cure within sixty (60) days, Developer shall have the absolute right, at its sole option, to repurchase the Lot for the original purchase price.

4. Non-Occupancy and Diligence during Construction. The work of construction of any building shall be prosecuted diligently and continuously from the time of commencement until the exterior construction is substantially completed. No Dwelling Unit shall be occupied as a residence until the exterior of such Dwelling Unit is completed in accordance with the approved plans and a certificate of occupancy has been issued.

5. Driveways and Curb Cuts. All driveways leading from the street to the garage must be made of blacktop, concrete, or other materials permitted by Developer, in compliance with Village of Savoy requirements. Curbs which are removed for the purpose of making a driveway entrance, shall be replaced as far as the nearest construction or expansion joint to ensure a smoothly joining entrance, with a radius of return of at least five (5) feet.

6. Sidewalks. Each Lot Owner shall be responsible for constructing the public sidewalk on his or her respective lot at the Lot Owner's sole cost and expense. Construction of the public sidewalk shall be completed immediately after completion of a residence on the subject Lot. All sidewalk construction shall comply Village ordinance and Americans with Disabilities Act (ADA) requirements. If the sidewalk as initially constructed by the Lot Owner does not meet Village and ADA requirements, the Lot Owner shall immediately cause the sidewalk to be repaired to bring the sidewalk to public code standard.

To the extent the ADA requirements exceed or differ from Village ordinance in effect as of the date of construction, ADA requirements shall control. As of the recording date of the Plat, Village ordinance allows sidewalks to be four (4) feet in width and six (6) inches thick. However, ADA requirements demand a five (5) feet by five (5) feet passing area at least every two hundred (200) feet of public sidewalk, which passing area shall be six (6) inches thick and have no more than a 2% cross-slope.

Therefore, each Lot Owner shall construct, or cause to be constructed, the ADA-required five (5) feet by five (5) feet passing area at every location where the sidewalk crosses a private driveway.

ARTICLE IV USE AND OCCUPANCY OF LOTS

1. Property Use. No building shall be erected, altered, placed, or permitted to remain on any Lot other than one detached single-family Dwelling Unit and private garage on the Single Dwelling Lots. No portion of the Subdivision, improved or unimproved, shall be used for any commercial, manufacturing, professional, religious, fraternal, or other business purpose.

2. Landscape Requirements.

(a) Yards. As soon as weather permits after the construction of a residence on any Lot in this subdivision, the owner shall sod the front yard and shall sod or seed the remaining yard space; further, the owner of a corner Lot shall sod the yard adjacent to both streets to the front of the house.

(b) Trees. A tree not smaller than two and one-half inches (2½") in diameter (measured four feet above the ground) shall be planted and maintained in the front parkway within six months of occupancy of a residence on a Lot. Lot owners shall obtain requisite permits for planting tree(s) in the parkway from the Village of Savoy, and the tree species shall conform with the Village of Savoy approved species list in effect at time of planting.

(c) Plantings. The area between the Dwelling Unit and the sodded yard shall be covered in stone or bark and a minimum of fifteen (15) plantings; such plantings shall be completed by Lot Owners within six (6) months of occupancy of a residence on a Lot.

(d) Completion. Landscaping must be complete within six (6) months of occupancy, including final grading, sodding, mulching and front planting.

(e) Maintenance. Landscaping that dies shall be replanted, and all landscaping shall be maintained in a healthy condition.

3. Sewer Requirements. All Dwelling Units shall connect with the sanitary sewer system in accordance with all applicable health codes. No individual on-site sewage disposal system or water supply well shall be installed or maintained on any Lot.

4. Swimming Pools. In-ground swimming pools are permitted on Single Family Lots only. Above-ground pools shall not be permitted anywhere in the Subdivision. All swimming pools must be enclosed by fencing approved by Developer and shall, in all respects, comply with applicable ordinances and building codes. All devices used in connection with the swimming pool, including the filter and circulating pump, shall be located inside the required fence and concealed from view.

5. Signage. Any residential for sale or builder signage used on any Lot shall be limited to a maximum area of eight square feet. Only one builder sign and one real estate agent sign shall be permitted on each Lot.

6. No Accessory Structure. Except as otherwise described in this Declaration, no accessory structure or outbuildings are permitted in the Subdivision, including playhouses or sheds. Lot Owners are permitted to erect a maximum of one play structure on each Lot provided that said play structure does not

exceed one of the following dimensions: sixteen (16) feet in length, ten (10) feet in height and twelve (12) feet in width.

7. Sump Drain Line. All sump pump drain lines must be connected to the storm sewer by Lot Owner at Lot Owner's expense. All sump pump drain lines must discharge to the front or rear of the residence; side yard discharge is not permitted.

Rear yard storm sewer drains and sump pump drains on individual lots and common storm sewer/sump pump drains within rear yard utility easement areas are not Village owned drainage lines, and the Village shall have no maintenance responsibility for such drain lines. The maintenance responsibility for such lines in rear yard designated utility easement is the legal obligation of the Lot Owner, until such time as a Homeowners Association is legally established, at which time the Homeowners Association shall be obligated to maintain such drainage lines, to the point of the downstream connection to the Village storm sewer system.

8. Dumpster. During construction, a dumpster is required to be on the property for disposal of construction materials. The Lot Owner and Lot Owner's contractor are both responsible for seeing that no open flame or burning of construction materials occurs at the construction site. All trash must be deposited in the dumpster, and contractors are required to sweep the streets to remove all mud, dirt and gravel deposited by their construction.

9. Drainage. All Lots shall be graded to maintain the existing drainage pattern and comply with the Subdivision grading plan. No Lot Owner shall divert water to a neighboring Lot, and no Lot Owner may alter its drainage pattern without obtaining prior Developer approval. Each Lot Owner shall be solely responsible for compliance with this Section. Developer shall have no liability for ensuring compliance or enforcement.

10. Temporary Structures. No trailer, basement, tent, shack, garage, barn, or other outbuilding shall be at any time used as a residence, temporarily or permanently, in the Subdivision.

11. Replatting. No Lot or Lots as platted shall be divided so as to result in creating additional lots. Developer, at Developer's sole discretion, may permit a Lot or a portion of a Lot to be added to an adjacent Lot to create a larger Lot, provided that the resulting remainder of a Lot is of sufficient size to construct a residence upon it in accordance with the construction requirements detailed herein, and further provided that the location of the building setback lines shall be modified to reflect the new size of each Lot. Provided, however, that any replatting or change of lot lines must be accomplished in compliance with the Village of Savoy Subdivision Ordinance requirements and procedures.

13. Foliage Removal. No trees or other significant foliage, other than trees or foliage which are dead, hazardous, or reasonably impede construction of a Dwelling Unit or interfere with an easement, shall be destroyed, or removed from any Lot without the consent of Developer. Any destruction or removal of plantings in the right-of-way must comply with the Village of Savoy right-of-way plantings policy.

14. Offensive Activities. No noxious, hazardous, or offensive trade, object, or activity which may be or may become a nuisance, hazard, or danger to the neighborhood, by site, sound, odor, or otherwise, shall be performed or maintained on any Lot or other part of the Subdivision.

15. Animals. No animal other than domesticated house pets shall be kept or maintained within the Subdivision. No pet runs shall be permitted in the Subdivision. All pets must be leashed or

kept in an improved enclosure. Each Lot shall be limited to no more than two dogs and two cats unless otherwise approved by Developer.

16. Property Maintenance. All Lot Owners shall keep their Lots well-maintained and in a presentable condition. All owners of vacant Lots are required to maintain the front forty feet (40') of each Lot so that it is mowed to a height of a maximum four inches (4"). The owner of corner Lots must mow not less than forty feet (40') back from any curb. The owners of Lots bordering Lot 200R which contains the storm water detention basin shall be responsible for shoreline maintenance and mowing from their rear Lot line to the water's edge.

In the event a Lot presents a nuisance or an unattractive appearance because of accumulated debris, weeds or grasses, Developer shall attempt to notify the Lot Owner in writing of the objectionable condition of the Lot, with said notice to be mailed by certified mail, if more current information is not available, to the address listed with the Champaign County Supervisor of Assessments for the mailing of tax bills for said Lot. If the condition of said Lot is not adequately improved within ten (10) days of the mailing of such notice, Developer may undertake such reasonable acts as may be necessary to improve the condition of the Lot. Any charges sustained by Developer may be charged to the Lot Owner, and, at the option of Developer, may constitute and be recorded as a lien against said Lot. Such liens may be enforced against the Lot Owner's property as permitted by law. Such liens must be recorded within two (2) years of the time the debt was incurred and, unless enforced, shall expire within two (2) years of recording. Attorneys' fees and court costs shall be recoverable for filing and enforcement of such lien.

17. Vehicle Storage. All Lot Owners shall provide and use at all times off-street parking for the number of automobiles in use by the Lot Owner or residents of the Lot. No recreational vehicles, trailers, vans, mobile homes, boats, or other objects of substantial size, whether operative or inoperative, may be parked or stored on a regular basis or for more than three (3) days at any time (and solely for the purpose of loading and unloading) within the confines of the Subdivision unless same is enclosed and concealed from view within a garage on the Lot Owner's property. This provision, to the extent permitted by law, shall apply to those parts of the Subdivision dedicated as public roadways. No disabled automobiles shall be stored on a Lot except within a garage concealed from view.

18. Supply Storage. No building material of any kind or character shall be placed or stored upon a Lot until the Lot Owner is ready to commence improvements in compliance with an approved architectural plan. Except as necessarily incidental to construction of buildings and structures on Lots, no new or used construction materials, supplies, unused machinery, or the like shall be kept or allowed to remain in the Subdivision unless stored inside a building and concealed from view. In the event the Lot Owner fails to comply with the provisions of this Section 18, the Association may give said Lot Owner written notice requesting cure of said violation. In the event the Lot Owner fails to cure said violation within fifteen (15) days of the date of the written notice, the Association shall have the right to enter onto the property and remove said materials and charge the Lot Owner for the costs thereof. The Association shall have the right to file and enforce a lien against said Lot for the amount of said charge as well as administrative and reasonable attorney fees incurred by the Association pursuant thereto.

19. Garbage Service. Garbage shall be placed on the curb for pickup only on the morning of pickup.

20. Outdoor Lighting. All Lot Owners, upon completion of construction of the Dwelling Unit, shall install in the front area of their Lot, suitable, Developer-approved, lighting for night illumination of the frontage area of their Lot.

21. Fencing. Developer reserves the right to install a perimeter fence to the subdivision. Developer has approved the following fencing types for all Single Dwelling Lots: black or bronze ornamental fencing, tan or white vinyl fencing, and wood cedar fencing. Wood cedar fencing must be treated at the time of construction, and continuously maintained, with a stain in a color compatible to the residence located on the respective Lot. Fencing shall not exceed a maximum height of six feet (6') except fences surrounding in-ground swimming pools which shall be the height required by Village of Savoy code. No dog runs of any kind shall be permitted in the Subdivision. All fencing must meet these approved fencing specifications.

22. Patios and Privacy Screens. Lot Owners may erect privacy screens on their respective Lots provided that said screens do not exceed six (6) feet in height or eight (8) feet in width. A patio is permitted on each Lot, located to the rear of the Dwelling Unit. Each patio shall be limited to a maximum depth of sixteen feet (16') and a maximum width of twenty feet (20'); provided, however, that Lot Owners may exceed this maximum patio size limitation with the express consent of the Architectural Review Committee.

23. Hazardous Substances. No Lot Owner shall cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in their respective Lot. Lot Owners shall not do, nor allow anyone else to do, anything affecting their Lot that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on their Lot of small quantities of Hazardous Substances that are generally recognized to be appropriate to maintenance of the premises.

Lot Owners shall promptly give the Association written notice of any investigation, claim, demand, lawsuit, or other action by any governmental or regulatory agency or private party involving their Lot and any Hazardous Substance or Environmental Law of which Lot Owners have actual knowledge. If the Lot Owners learn, or are notified by any governmental or regulatory authority, that any removal or other remediation of any Hazardous Substance affecting their Lot is necessary, the Lot Owners shall promptly take all necessary remedial actions in accordance with Environmental Law.

As used in this Section 23, "Hazardous Substances" are those substances defined as toxic or hazardous substances by environmental law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials. As used in this Section 23, "Environmental Law" means federal laws and laws of the jurisdiction where the real estate is located that relate to health, safety, or environmental protection.

24. Items Affixed to Exterior; Window Coverings; Hanging of Laundry. Lot Owners shall not cause or permit anything to be hung or displayed on the outside of windows or placed on the outside walls of the buildings and no sign, awning, canopy, shutter, radio or television antenna or satellite dish shall be affixed to or placed upon the exterior wall or roof or any part thereof or on the Lots without the prior written consent of Developer, except that no prior approval shall be required for satellite dishes not exceeding 24 inches in diameter provided such dishes are placed in the rear of the Lot and obscured from view by landscaping. No clothes, sheets, blankets, laundry, windsocks, or other articles of any kind shall be hung out or exposed on any part of the Lot. The coverings of interior surfaces of windows, whether drapes, shades, or other items visible on the exterior of the building shall be of a solid light neutral color on the side that is visible from the exterior.

ARTICLE V
APPLICATION, AMENDMENT AND ENFORCEMENT OF DECLARATION;
ASSIGNMENT OF DEVELOPER'S RIGHTS

1. Application of Restrictions. All persons, corporations, trusts, or other entities that now hold or shall hereafter acquire any interest in any part of the Subdivision shall be taken to agree to comply with and shall be bound by the covenants, conditions, restrictions, and stipulations contained herein as to the use of the Subdivision and the construction of Dwelling Units and improvements therein, as hereinafter set forth.

2. Amendment of Restrictions/Plats. Until Developer divests himself of all interest in all Lots of the Subdivision, Developer shall retain the right to amend, modify or annul any of the restrictions detailed herein or on the Plat by a written instrument to be recorded in the Office of the Recorder of Deeds, Champaign County, Illinois. Upon the sale of all of Developer's interest in the Subdivision, these restrictions may be amended by the affirmative vote of two-thirds (2/3) of the total Lot Owners in the Subdivision, with the collective owners of each Lot to have one vote in regard to any such amendment. However, after Developer's sale of any Lot, no amendment of these restrictions or the Plat of the Subdivision shall significantly impede or alter the continued development of the Subdivision in accordance with the general intent of Developer as expressed herein. However, the covenants provided in Article II, paragraphs 2 and 4, Article III, paragraphs 1a, 1f, 5, and 6, Article IV, paragraphs 3, 7, 10, 11, 12, 13, 14, 19 and 23, Article V, paragraphs 1, 2, 3, 4, and 8, and Article VI, paragraphs 1, 2, 3b, and 3d, shall not be released or amended without the specific written approval of the Board of Trustees of the Village of Savoy, which covenants the Village of Savoy shall have standing to enforce.

3. Enforcement of Restrictions. Any Lot Owner in the Subdivision, the Developer, and/or the Association when formed, as well as the Village of Savoy with respect to the covenants specified in the preceding paragraph 2, shall be entitled, but not required, to prosecute, in any proceeding in law or equity, any owner violating or attempting to violate any of the restrictions or covenants contained herein, to either prevent said Lot Owner from committing said violation or to recover damages for such violation. In the event the Developer, a Lot Owner, the Association, or the Village of Savoy is required to undertake legal action for the enforcement of these Restrictions or a lien filed in accordance with these Restrictions, the Developer, Lot Owner, Association, or the Village of Savoy shall be entitled to any and all costs, expenses, and fees, including attorneys' fees and costs of litigation, which may be paid or incurred in enforcing these Restrictions or foreclosure of lien.

4. Invalidation of Restrictions. Invalidation of any portion of these restrictions by judgment of court order shall not affect any remaining restrictions, which shall remain in full force and effect and be construed, as closely as possible, with the original intent of Developer.

5. Limitation of Liability. In no event shall any action or inaction by Developer in regard to Developer's powers or duties expressed herein constitute or give rise to any liability against Developer, provided such action or inaction does not constitute fraud or gross negligence. This provision is not intended to abrogate or limit Developer's duties to the Village of Savoy.

6. Developer Right to Assess. Until such time as the Developer assigns its rights, duties, and obligations to the Association, as provided in paragraph 7 hereafter, the Developer shall be empowered to assess each individual Lot for said Lot Owner's proportionate share of the annual costs of maintenance of common areas and operational costs (with a reasonable reserve). The assessment against each Lot in the Subdivision shall be in equal amounts regardless of a Lot's size. The amount of the annual assessment charged to each Lot Owner by the Developer may not exceed the sum of \$225.00 per

year, adjusted for inflation. The Developer shall have the same rights afforded the Association provided in Article VI to collect assessments, including the right to record a lien on Lots for which Lot Owners have failed to pay assessments.

7. Assignment of Rights by Developer. Developer shall have the right to sell, assign, transfer, or convey all the rights of Developer. Any such transfer shall be in writing and recorded in the Office of the Recorder of Deeds, Champaign County. Developer may, from time to time, appoint a designated agent to act for Developer, and shall, upon request, furnish satisfactory evidence concerning the appointment and authority of said representative. Upon the formation of the Association and the recording of written authorization from Developer, all rights, duties, and obligations of Developer herein contained shall be transferred to the Association unless certain rights are specifically retained. Until the sale of one hundred percent (100%) of the Lots, Developer, in such written transfer of rights, duties, and obligations may retain specific rights, including, without limitation, the right to approve construction plans and grant extensions for commencement of construction. Upon the sale of all Lots in the Subdivision, such transfer of all such rights, duties and obligations set forth in these restrictions to the Association shall be automatic.

8. Developer Right to Convey Common Areas to Park Districts and Similar Entities. The Developer shall have the power to make agreements with park districts, not-for-profit corporations, or any other municipal government for the maintenance of any common areas and shall have the power to convey any said common areas to said municipal government or park district, provided said property is within the jurisdictional boundaries of such municipal government or park district.

ARTICLE VI PRAIRIE MEADOWS HOMEOWNERS' ASSOCIATION

1. Membership in Association. Upon its formation, all Lot Owners in the Subdivision shall become members of the Association. Membership in the Association shall run with the land, and any conveyance of an interest to property in the Subdivision shall be deemed a conveyance of the associated membership in the Association.

2. Formation of the Association. The Association shall be formed the earlier of a) the sale of all the Developer's interest in the Subdivision, or b) the sale of seventy-five percent (75%) of the Lots in the Subdivision, plus written approval by the Developer for formation of the Association. The Association shall be deemed formed when a written notice of the formation of the Association has been recorded in the Office of the Champaign County Recorder of Deeds and indexed to each Lot in the Subdivision.

3. Powers and Duties of Association. Once formed, the Association shall have the following powers and duties:

a. Litigation. The Association shall specifically have the authority to bring suit to enforce compliance with any of the restrictions pertaining to the Subdivision in its own name and on its own behalf.

b. Maintenance. A primary purpose of the Association will be to provide for the ownership, development and maintenance and upkeep of the common areas and storm water detention basins of Prairie Meadows Subdivisions, as well as any under drains and appurtenances constructed within such subdivisions. Upon completion of the detention basin improvements, the Developer shall convey Lots containing detention basins to the Association, and the Association shall accept such conveyance and assume all maintenance responsibility for the basins. The Association shall also maintain in a well-kept

condition any additional fence the Developer may chose to erect around the perimeter of the Subdivision and mow and maintain the property extending outward from the Subdivision to adjacent roadways.

c. Construction Approval. Upon written grant of authority from the Developer, the Association shall be responsible for the approval of construction in the Subdivision in accordance with the restrictions and the issuance of certificates of compliance through the Architectural Control Committee.

d. Assessments. The Association shall be authorized to assess fees against the Lot Owners in the Subdivision for the operational costs and projects of the Association in accordance with the guidelines hereinafter established.

e. Ownership of Property. The Association may own property in its own name.

f. Full Powers. Upon written grant of authority from Developer pursuant to Article V, Section 6, the Association shall have all rights otherwise reserved to Developer.

4. Organization and Operation of the Association. Once formed, the Association may establish guidelines and By-laws for operation of and membership in the Association. The Association may elect to be organized and operate as a not-for-profit corporation or any other type of legal entity.

5. Initial Meeting and Organization of Association. Notice of the initial meeting of the Association shall be provided by the Developer by either delivery or mailing of notice, regular mail, to each Lot Owner in the Subdivision. The notice shall detail the date, time, and place of the initial meeting of the Association, with said meeting to be held within forty-five (45) days of the date of the notice. Developer may conduct the initial meeting until such time as the first election of trustees. If Developer should fail to schedule the initial meeting of the Association after such time as when the Association should have been formed, the initial meeting can be scheduled by any individual Lot Owner in the Subdivision by following the procedures noted herein.

6. Voting Rights. In regard to all Association matters, one vote may be cast by the collective owners of each Lot of record in the Subdivision. Voting in Association matters may be done in person or by written proxy for specific issues, or general proxies provided same, on their face, expire within six months of execution.

7. Election of Board. At the initial meeting of the Association, the Association shall select a temporary board and a nominating committee to present a slate of board members to be presented at an election of the board to be held within sixty days of the initial meeting. Each Lot Owner shall be entitled to cast one vote for each Lot owned for the election of the members of the Board the Association. Initially, the Board shall consist of five (5) members. Those five individuals receiving the highest total of votes shall be elected as the Board. The Board shall have the following rights and duties:

a. Budgets. The Board shall formulate a budget based on the estimated annual expenses of the Association for maintenance of common areas and operational costs with a reasonable reserve.

b. Assessments. The Board shall provide for the assessment of fees to each Lot owner in an amount necessary to provide the funds required pursuant to the budget.

c. Employment. The Board shall employ, on behalf of the Association, such maintenance or service personnel as may be required to provide services to the entryway sign, and to employ and retain

on behalf of the Association such legal, accounting, or other professional services as may be required by the Association.

d. Preparation of By-Laws. The Board shall formulate and propose, as part of the initial organization of the Association, general by-laws, and guidelines for the Association.

e. Payment. The Board shall pay the bills of the Association and maintain accounts and books and records in accordance with standard accounting practices.

8. Provisions Relating to the Board. Unless and until the Association adopts new by-laws, each Board member shall be elected for a period of three years, provided, however, that the two Board members receiving the fewest number of votes at the initial meeting of the Association shall be elected for a term of two years and one year, respectively, with their successors to be elected for three-year terms; thus staggering the terms so that in each year, one Board member is elected. The Board members shall provide for at least an annual meeting of the Association to be held at a reasonable time and place, which meeting shall include the election of one new Board member, with notice of said meeting to be made by delivering or mailing such notice, regular mail, to all Lot owners or by conspicuously posting notice of said meeting for fourteen (14) days in advance of the meeting in at least three places in the Subdivision. Board members shall not be entitled to receipt of compensation for their acts as Board members, nor shall any Board member receive compensation for professional advice provided to the Association. Absent fraud or gross negligence, no Board member shall be personally liable for any act or failure to act on behalf of the Association.

9. Adoption or Amendment of By-Laws. The Association may adopt or amend the By-Laws of the Association upon the affirmative vote of three-fourths of all Lot Owners in the Subdivision.

10. Assessments. The Association shall be empowered to assess each individual Lot for said Lot Owner's proportionate share of the budget established by the Board. Assessments against each Lot in the Subdivision shall be in equal amounts regardless of a Lot's size. Regardless of the budget established by the Board, the amount of the annual assessment charged to the Lot Owners may not exceed the sum of \$150.00 per year, adjusted for inflation, unless the amount of the annual assessment is approved by at least three-fourths (3/4) of the Lot Owners in the Subdivision.

11. Liens. Any amount assessed against an individual Lot which remains unpaid thirty (30) days after said assessment, plus the costs of filing a lien including attorney's fees, becomes due may, at the option of the Board, become a lien against the Lot by placing notice of record with the Champaign County Recorder of Deeds. In order to become a valid lien, said lien must be placed of record within two (2) years of the time said amount claimed became due, with the lien to expire two (2) years after recording of the same. Payment of said lien may be enforced by foreclosure of lien, or any other method permitted by law, and the Association may recover reasonable attorney's fees and court costs incurred in recovery of amounts due.

12. Conveyance of Common Areas to Park Districts and Similar Entities. The Association shall have the power to make agreements with park districts, not-for-profit corporations, or any other municipal government for the maintenance of any common areas and shall have the power to convey any said common areas to said municipal government or park district subject to a vote of the majority of the Association, provided said property is within the jurisdictional boundaries of such municipal government or park district.

13. Association Address and Phone Number. The Association shall establish a publicly listed telephone number and post office box in the municipality to which the subdivisions are annexed,

both to be maintained and monitored by the President of the Association at the Association's expense, until such time as the purpose of the Homeowners' Association shall no longer exist.
